EDUCATION

Bachelor of Science (B.sc) | Shaheed Sukhdev College of Business Studies
Relevant Coursework: Computer Science

07/2024 – PRESENT
CGPA: 7.45

Class XII (Senior Secondary) | Government Boys Sr Sec School
Stream : Physics, Chemistry and Mathematics (PCM)

07/2023 – 07/2024
GRADES: 70 %

Class X (Secondary) | Government Co-educational Senior Secondary School

07/2021 – 07/2022
GRADES: 82%

TECHNICAL SKILLS

- **Languages:** Python , JavaScript , C++ , Java,
- **Frameworks & Libraries :** Django, Node.js, React.js . NumPy, Pandas
- **Web Technologies:** REST APIs, HTML5, CSS3
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Tools & Platforms :** Git, GitHub , VS Code

PROFESSIONAL EXPERIENCE

[Marketing head]

06/2025 - Present

[LITSOC], [Shaheed Sukhdev College of Business Studies]

- Spearheaded marketing and promotional campaigns for college events to enhance visibility and audience participation
- Managed social media presence and digital outreach, increasing engagement through strategic content and promotions
- Collaborated with cross-functional teams to execute branding, event promotions, and audience engagement initiatives
- Designed and implemented marketing materials, including posters, digital creatives, and campaign strategies

PROJECTS

[Mind Replica - AI - Based Personal Assistant]

- Developed a full-stack AI-based web application simulating a personalized digital twin for interactive conversations.
- Built the backend using Django for user authentication, memory storage, and chat management.
- Integrated AI APIs/models to generate intelligent conversational responses and personalized interactions.
- Designed an interactive and responsive chat interface for a seamless user experience.

[Gesture-Controlled 2048 Game (Scratch, Computer Vision)]

- Developed a touchless version of the 2048 game using hand gesture controls
- Built the core game logic from scratch and integrated it with gesture-based inputs
- Implemented real-time hand tracking using computer vision techniques for gesture detection .

[Personal Portfolio Website – AI & Futuristic Developer Portfolio]

- Engineered a modern and interactive portfolio website to professionally showcase technical projects, development skills, certifications, achievements, and personal journey in technology
- Implemented the frontend using React.js, TypeScript, Tailwind CSS, and animation libraries such as Framer Motion to create a visually appealing, dynamic, and fully responsive user experience.
- Enhanced UI/UX with smooth transitions and mobile-responsive design for professional presentation

[Urban Flood Risk Analysis using Data Mining]

- Developed a data mining project to analyze urban flood risk using environmental datasets.
- Performed data cleaning, feature engineering, and risk analysis using Python.
- Created visualizations and correlation analysis to identify flood-prone areas..

CERTIFICATIONS

- STEAM Robotics Workshop | American Center New Delhi & STEAM Varsity — Mar 2026
- India Innovates 2026 – Participation Certificate | Municipal Corporation of Delhi — April 2026
- HackDUCS Hackathon 2026 – Participation Certificate | Department of Computer Science (DoCS) DU — May 2026

ADDITONAL INFORMATION

- **Design & Creative Tools:** Canva, Figma, Adobe Photoshop, Adobe Premiere Pro, DaVinci Resolve, Video Editing
- **Leadership:** Vice President, Literary Society at SSCBS
- **Hobbies & Interests:** Singing, Cinematography, Drawing, Writing
